### OVERVIEW

Mr. Yu has rich experience in handling a variety of intellectual property issues, including drafting patent application, responding to Office Action, requesting reexamination and invalidation, making infringement analysis, and other related issues. Specializing in mechatronics, Mr. Yu has helped many well-known enterprises to obtain plenty of valuable patents. Mr. Yu graduated from Shanghai Jiao Tong University in 2009 with a Bachelor Degree, majored in Mechanical Engineering and Automation. He then went to Europe and studied at three universities successively on a full scholarship. Being aware of cultural differences and having excellent communication skills in English, his performance at work is regularly recognized by foreign clients. Prior to joining NTD, he worked in a leading law office in Shanghai. He is a member of All-China Patent Agents Association (ACPAA).
