📍 Beijing

OVERVIEW

Ms. Sun graduated from University of Southampton in 2007 with a Master Degree, majored in Microelectronics System Design. After graduation, she works in HiSilicon Technology and Marvell Technology as an ASIC design engineer. As an engineer, she was engaged in digital IC design for LTE (Long Term Evolution) baseband chips, and thus gained rich experiences in telecommunications and digital ICs. After working in Lee and Li-Leaven as a patent attorney for two years, she joined NTD. Her practice primarily involves patent prosecution with an emphasis on the areas of communications. Ms. Sun's working languages are English and Chinese.

EDUCATION AND TRAINING:

- University of Southampton (M.S., Microelectronics Systems Design, 2007)
- Beijing University of Posts and Telecommunications (B.S., Optical Information Science and Technology, 2006)

QUALIFICATION:

Patent attorney since 2016

TECHNICAL AREAS:

Mobile Communication; Network; VLSI Design Methodology.

WORKING LANGUAGE

English, Mandarin
