OVERVIEW

Ms. Shi joined NTD as a Patent Attorney in April, 2015. Before she joined NTD, she was an examiner of substantive examination of patent applications in Communications Department of Patent Examination Cooperation Center (Beijing) of the State Intellectual Property Office. Ms. Shi's practice focuses mainly on patent prosecution. She has successfully handled lots of patent filings cases covering various technical fields, particularly the fields of semiconductor devices, microelectronic technology, and integrated circuit design. In addition, Ms. Shi has also drafted some patent applications and standard essential patent evaluation reports.
